March 24, 2020

Dear Valued Spire Clients:

As you may be aware, on Monday, March 23, 2020, Massachusetts Governor Charles Baker announced the closure of all non-essential businesses effective 12:00 noon Tuesday, March 24th through April 7th. As we are a supplier of goods and services to industries classified as essential business, we will remain open and operational.

We are working closely with material suppliers and distribution channels, including UPS, USPS and FedEx and can confirm that all are fully operational, enabling us to continue to serve your needs.

The health and safety of our employees remains our top priority. Those employees who are able to work from home have been provided the necessary equipment and toolsets to be fully functional operating remotely. For those employees whose jobs require them to be on site at our facility, we remain fully committed to ensuring a safe, sanitary and compliant workspace and we will continue to follow all state, federal and CDC directives.

We are here to help you and your organization in whatever way we can. We remain focused on our ability to be flexible, nimble and respond quickly to your changing communication needs. Please feel free to contact your representative or either of us at any time.

Together we will work through these challenging times. Stay safe.

Respectfully,
Rick Dyer, President
Skip Dyer, Executive Vice President
